Will Wanda the wombat find the missing moose, or will it be game over for her dreams of presenting her own show?

'Don't worry, I'll guide you,' Wanda offered. 'A little further to the left, that's it. Now duck your head, Archie ... perfect. That's it, you're through the door now. Turn right here ... no, right I said! That's better. Now straight up the corridor ...'

Wanda kept her voice cheerful and steady as she guided the shaky-legged Lionel lookalike towards the studio, but she was a bundle of nerves on the inside. Could they really pull this off, or would it all end in disaster?

Wanda crossed her claws and hoped for the best as she stepped out into the brightly lit studio beside the still-wobbly moose.

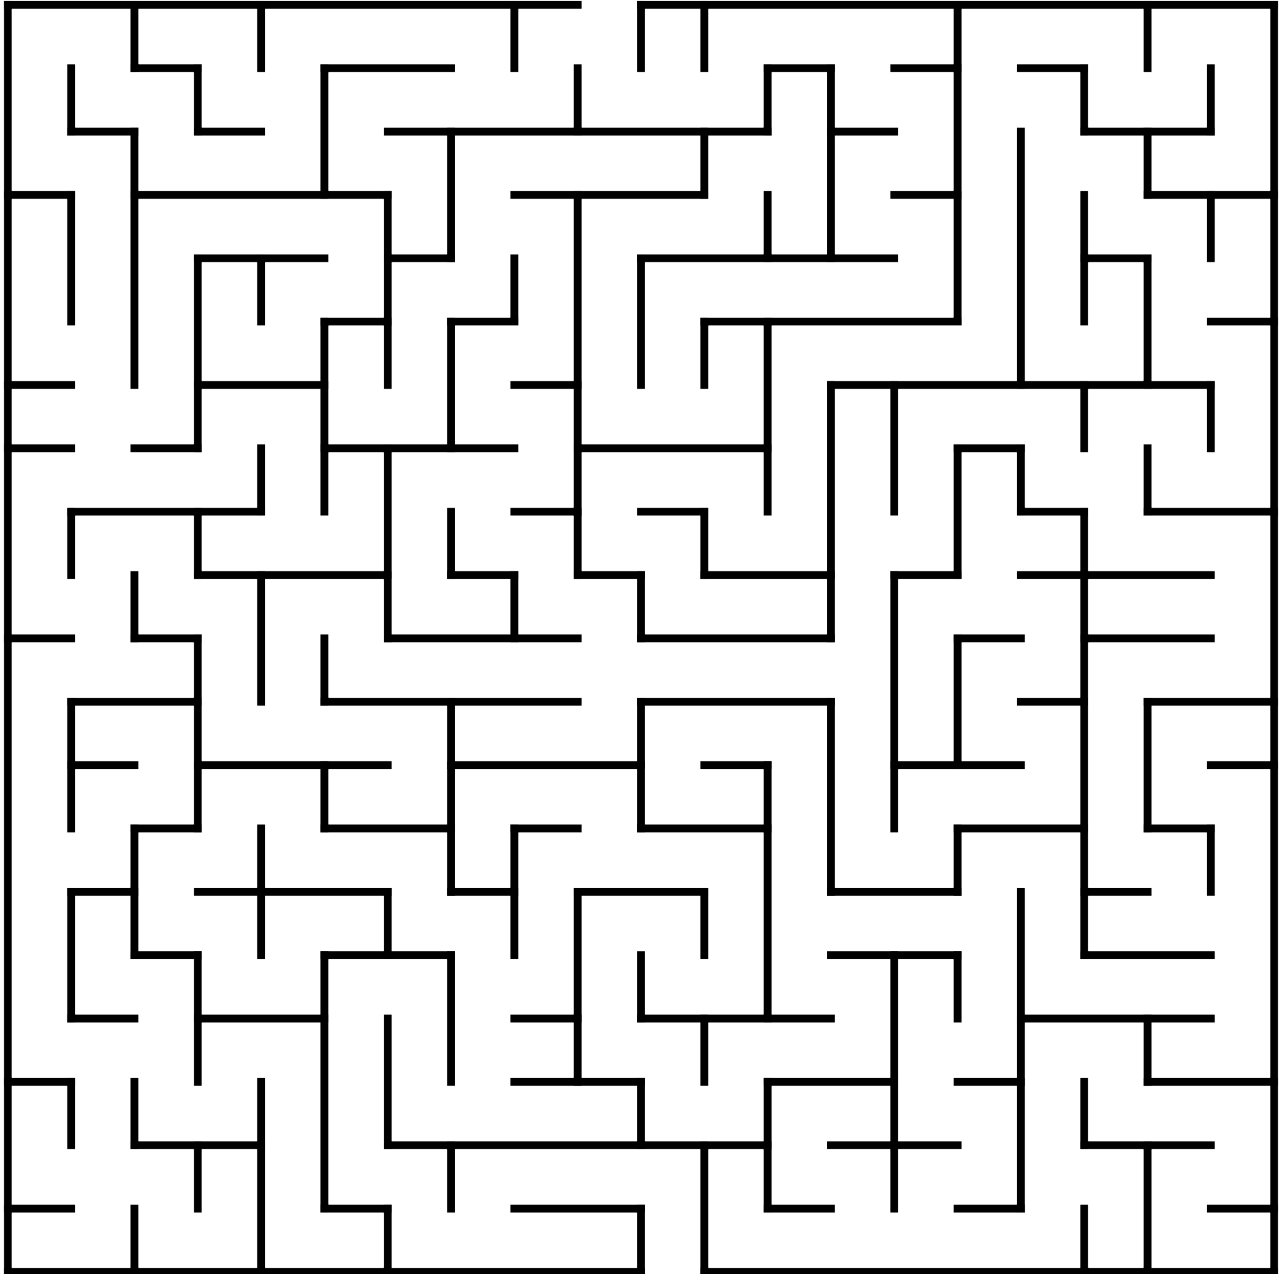

The audience went wild, clapping and cheering and stamping their feet in excitement.

'Should we bow?' came Meek's voice, from inside the moose's bottom half.

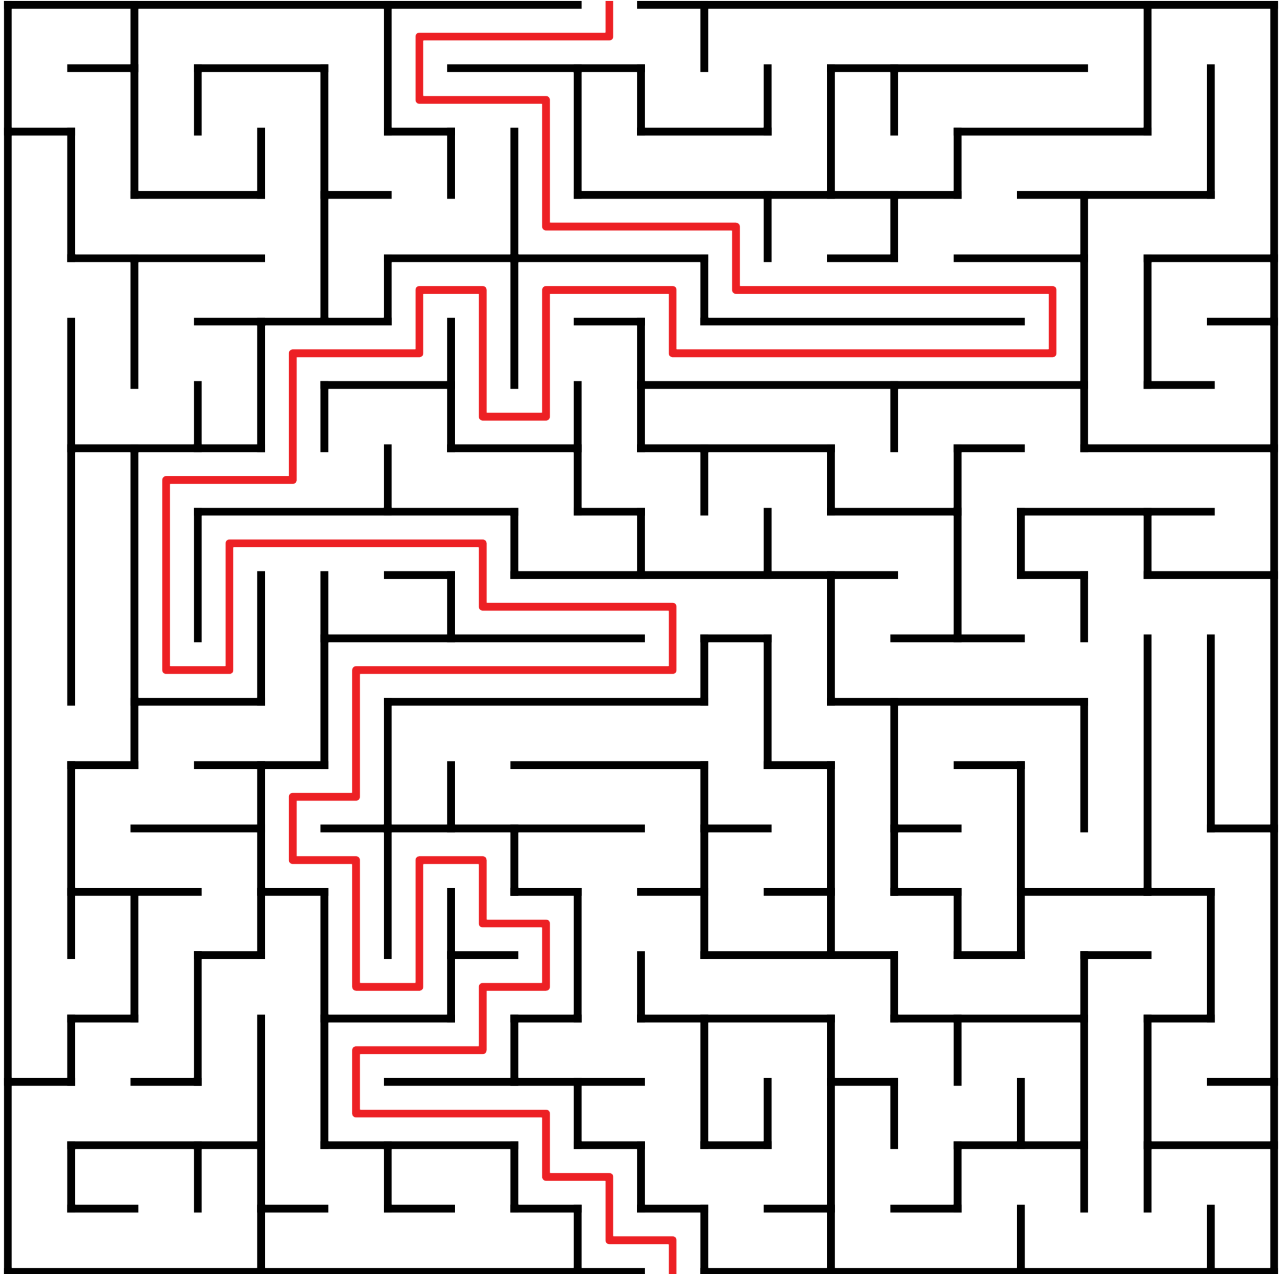

'No!' hissed Squeak and Archie together.
